- 1920s Speakeasy - Jazz & Brass
- 1930s & 40s Big Band - Swing & Crooners

Find Your Frontman (Team Captain)

The Puttzin' Companion App will require one person from each team to submit scores, capture your team photo, and navigate through downtown! But don't hog the ball. Bring your friends in on the fun and vote on all the album covers together!

Prep for the Road (Footwear & Weather)

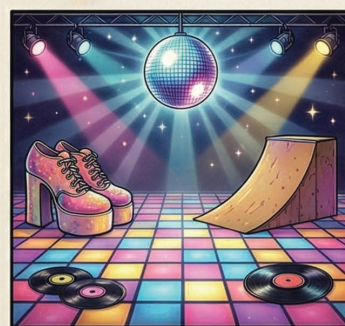

We're rocking through the heart of downtown Dubuque, which means pavement, crosswalks, and unpredictable May weather. Leave the platform boots and stilettos in the dressing room. Wear comfortable kicks and layer up so your band can keep playing no matter what Mother Natures throws as at the day.

BUILD YOUR STAGE

Concepts & Policies to Help a Host Plan Their Build

60s: PSYCHEDELIC OFFICE TRIP

70s: DISCO FEVER DANCEFLOOR

80s: HIGH VOLTAGE ARCADE

90s: GRUNGE GARAGE GIG

THE SOUNDTRACK RULE:
You **MUST** play music from your decade!

THE REVENUE DRIVER & ROADIE'S WORKSHOP

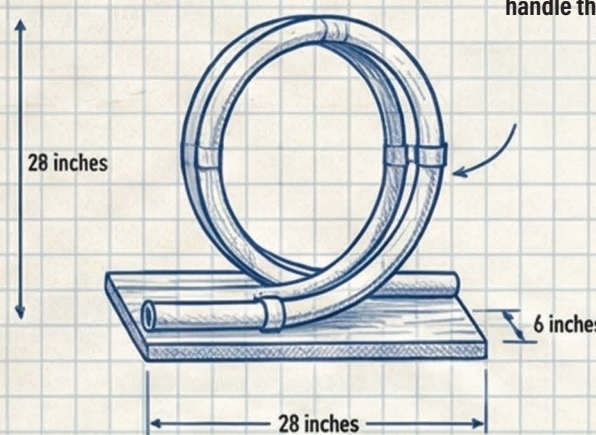

THE MULLIGAN CODE POLICY

RULE: Each venue gets ONE Mulligan Code to distribute.
INCENTIVE: Create an incentive (e.g., Buy a special drink, Follow on Social). Player gets the code for a MAX -1 Stroke deduction in the App.

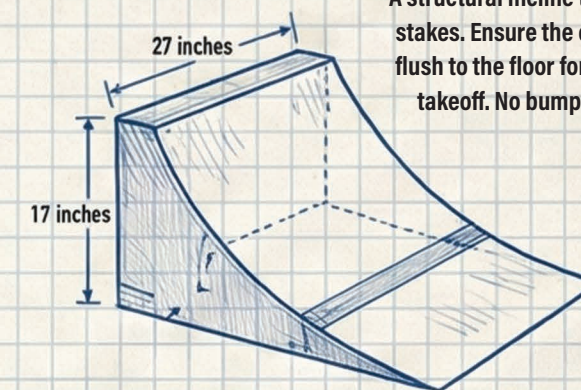

ROADIE'S WORKSHOP: EXPANDED TECH SPECS

THE LOOP-DE-LOOP

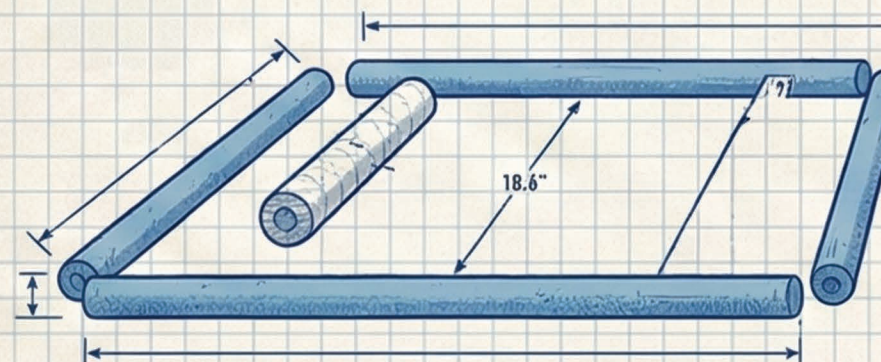

A vertical spin for high-velocity shots. Needs a sturdy build to handle the G-force.

THE RAMP

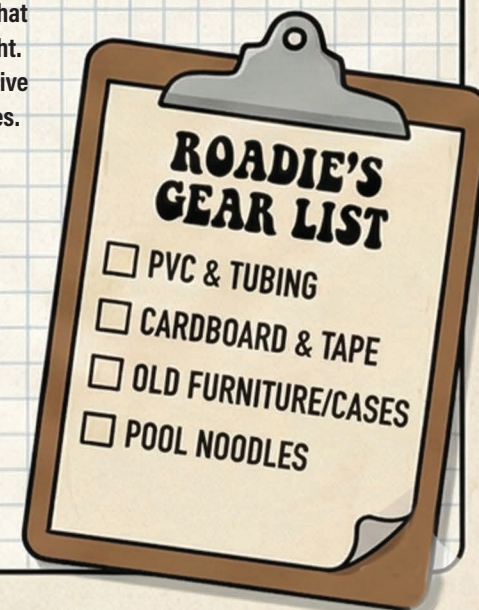

A structural incline to raise the stakes. Ensure the entry lip is flush to the floor for a smooth takeoff. No bumpy intros.

THE HAZARD

Props, pedals, or barriers that block the direct line of sight. Force the band to get creative with bank shots and angles.
